Nagano - guide chapters 1 2 3 4 5 6 7 8 Narita is considered to be the next important airport in Japan. It is located in the eponymous city of Narita, which is near Tokyo. In addition to the fact that the airport conducts both domestic and international transportation, it is also a transit area for passengers who are flying from Asia to America or vice versa. After a grand reconstruction in 2004, the airport began to be considered as a first class air harbor. Today, Narita is the fifth largest passenger traffic airport in the world. The terminals of this airport are extremely spacious, despite the heavy workload. At the airport you can find inexpensive cafes and bars, respectable restaurants, shops with branded clothing, original souvenir shops, food stores, newsstands, a bank, ATMs, a currency exchange office, and much more. ... Open The natural beauty of Japan is represented by many beautiful places, with each one creating an atmosphere of serenity. The most famous natural landmark is Mount Fuji, the current stratovolcano of Honshu Island. Fuji is popular among guests of the country and the Japanese themselves, who consider it a shrine. Every Japanese dreams of reaching the peak of this mountain at least once in their lifetime. It gives tourists exciting experiences and pleasure from contemplating its divine appearance. Fujiyama is located in the Fuji-Hakone-Izu National Park. The Park also includes five lakes, geothermal springs and the Izu Peninsula. One of the main beauties of these places is Lake Ashi, in which the mountain is reflected. Water tours are organized along the lake. To the south-east, is located the double volcano Owakudani which is still active. The main attractions can be easily seen from the monorail track. You can climb to the top of Fujiyama by cable car. ...
